

Public awareness talks

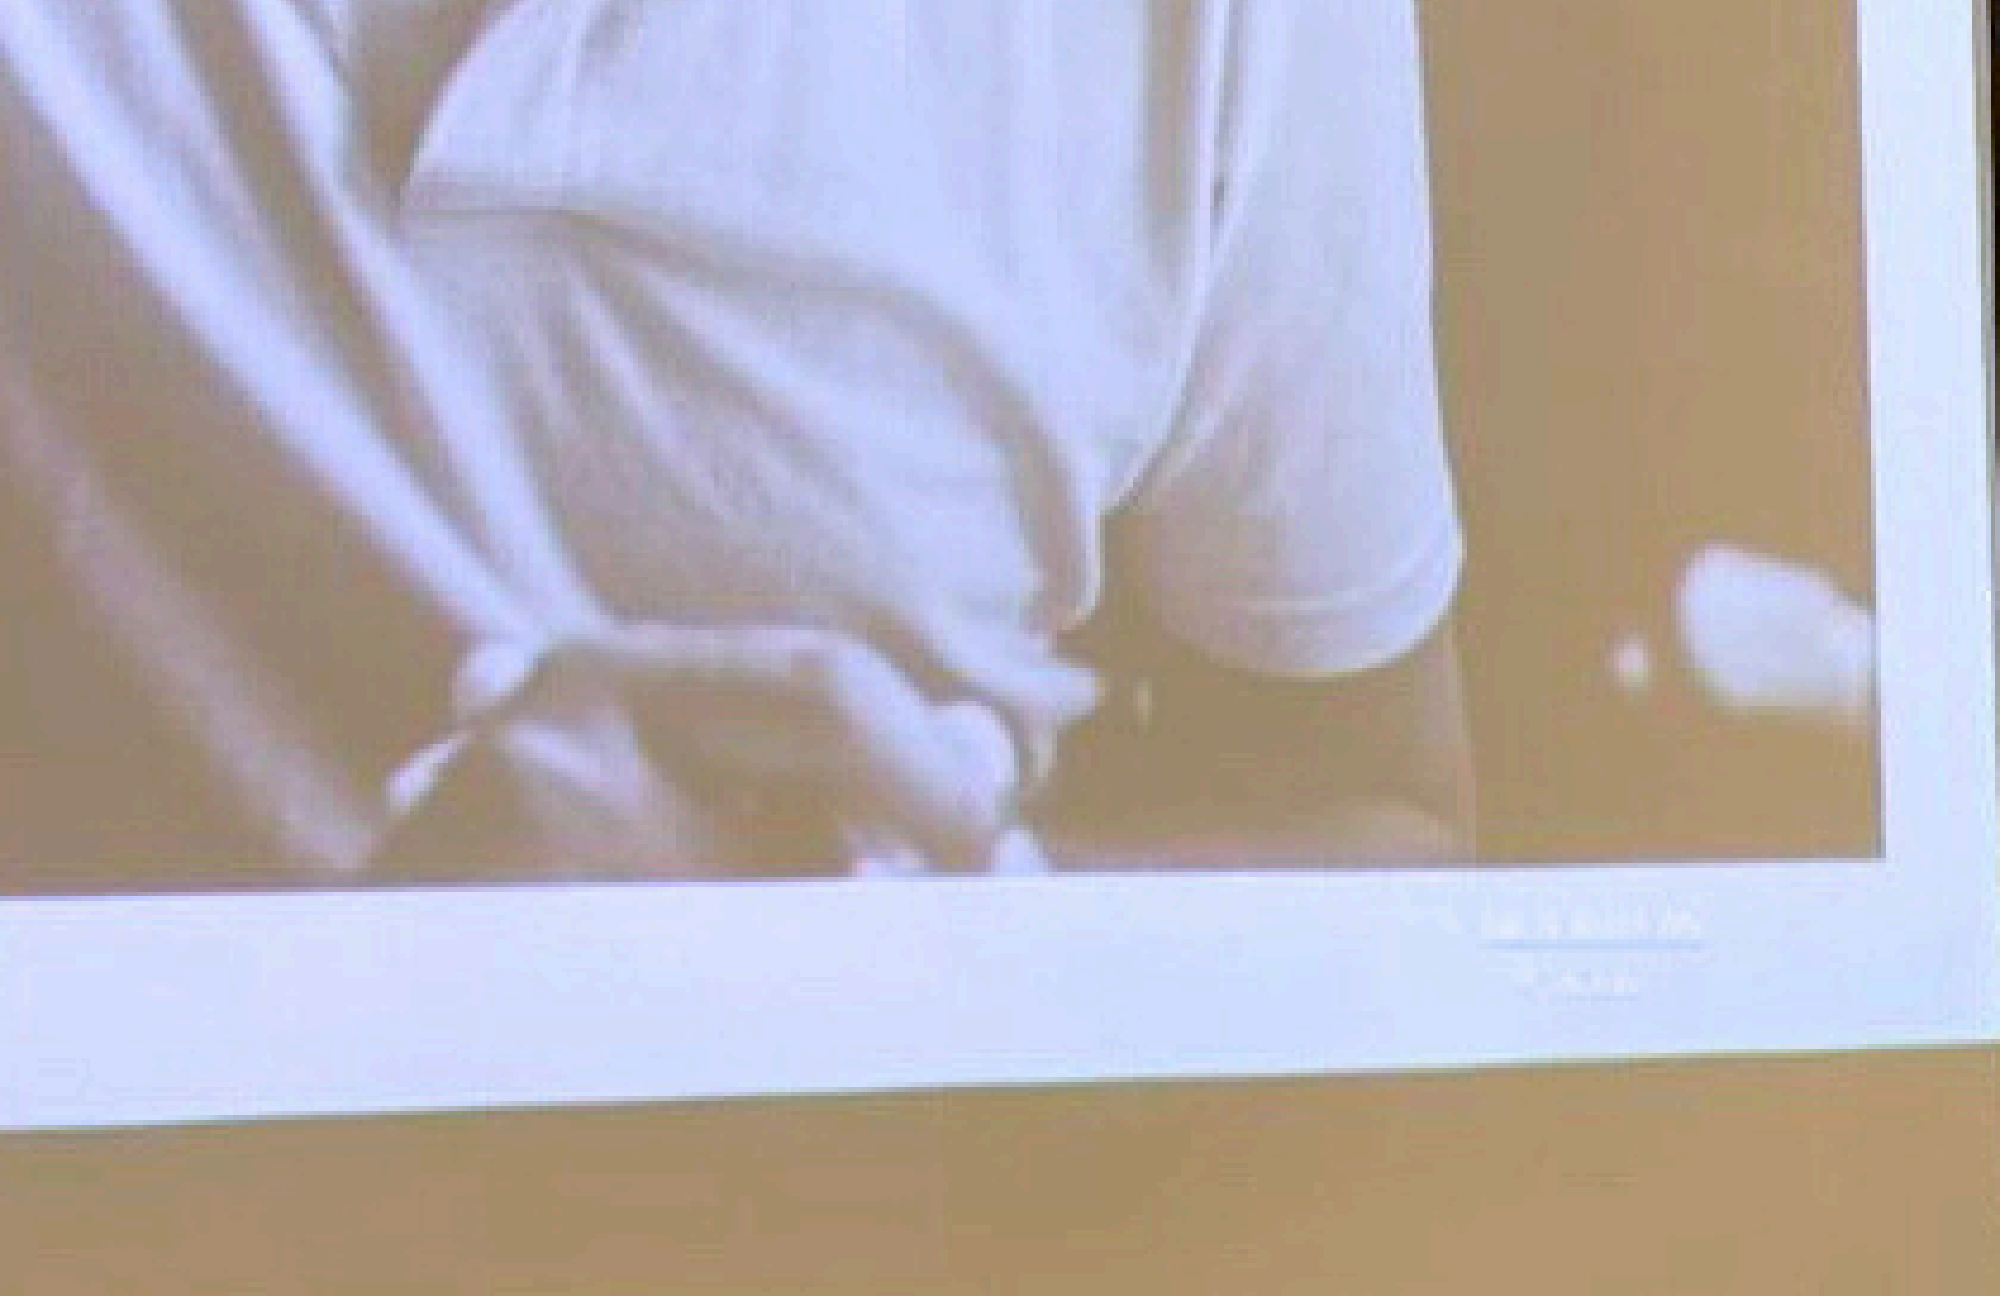

#TWC2NextChapter

Changing minds with us

At TWC2, we believe all labour is dignified. It's minds that need to change. By sharing migrant workers' stories, we hope to nurture empathy, change minds, and build a future free from exploitation and abuse.

Book a talk with us

Our public engagement team delivers talks to suit your audience. We kindly request a donation to support migrant workers in need. All donations are matched 1:1 by the Tote Board Foundation. To arrange a session, kindly contact Christine Scully at info@twc2.org.sg.

Lunchtime sharing session

Bring your team together for more than just a meal. In this lunchtime talk, TWC2 shares **real stories of migrant workers**. Learn about the challenges they face, and what companies and individuals can do to support fairness and dignity for all.

To make the experience even more meaningful, we can arrange for a **biryani** meal with the talk. It is a dish close to the hearts of many workers, and you will get to try **all three variations** across Bangladesh, India and Myanmar.

School assembly talk

Help your students understand Singapore **beyond the classroom**. Who builds our city? Who keeps it running? What challenges do they face?

Through real-life stories and case studies, students will learn about the challenges that migrant workers face: from unsafe living conditions and wage theft, to navigating life far from home.

Beyond the facts, we encourage students to reflect on empathy, fairness, and justice, and to consider how they can be **responsible and compassionate citizens**.

Virtual talk: Beyond Charity

Keep an eye out for our virtual talks, coming in October and November 2025! “Beyond Charity” is for anyone who wants to advocate for migrant workers but doesn’t know where to start.

You’ll learn:

- The key challenges workers face in Singapore
- How to talk about these issues with friends, colleagues, or online
- How to set up your own fundraiser or awareness campaign

Look out for **more detail on social media.**
Coming soon!

Book your talk today.
